

## **Maintenance Technician (manufacturing) - Overnight**

noosa yoghurt - Bellvue, CO

G'day mates!

noosa yoghurt is growing at our yoghurt making facility located just north of beautiful Fort Collins Colorado. It's a small town called Bellvue and home to the finest yoghurt on the planet. As people experience noosa for the first time, they tell their friends about it and so we are growing.

This is where we need you! A **maintenance technician** who can help us keep plant equipment running. A fun, challenging job with great benefits and a schedule that gives you some great work-life balance!

Job Summary: **Maintenance Technicians** troubleshoot, upkeep, repair and maintain various systems and equipment (both corrective and preventative maintenance). Works 12 hours shifts on a schedule (3 days on, 4 days off; 4 days on, 3 days off).

This is for an OVERNIGHT SHIFT (3pm to 3am).

Qualifications and Requirements:

- Strong mechanical aptitude and a "can-do" willing spirit.
- Minimum 2 years experience working with hydraulic, pneumatic and electrical systems. Previous manufacturing experience working with packaging, conveyors, pumps, and production machines **STRONGLY** preferred.
- Strong troubleshooting skills are needed to perform this job well.
- Must have an ability to get along well with operators and production team leads.
- Must work safely, ensure your mates work safely and promote a culture of safety in the work area.
- Must have own hand tools.
- Experience with maintenance management software.

Physical Demands:

- Must be able to lift 55 pounds and move 170 pounds regularly.

- Able to stand, walk, use hands, reach, climb, work from heights, stoop, kneel and crouch.
- Able to work near moving parts and machinery.
- Able to work in loud, wet, cold, hot, indoor and outdoor environments frequently.

Job Type: Full-time

Job Location:

- Bellvue, CO

Required education:

- High school or equivalent

Required experience:

- Mechanical/Electrical: 2 years
- Maintenance Technician: 2 years
